OMNI TURBOJET

PRO HAIRDRYER

BLACK

WHITE/AQUA

FEATURES

- 1800W
- 104,000 RPM brushless motor
- 330g
- < 80 dB
- Two Nozzles + diffuser included
- Extra Long 3 metre cable
- 3 temperature settings + 3 speed settings
- Cool shot button
- Easy to clean rear filter

Designed to deliver powerful airflow in a compact, lightweight body, the OMNI TURBOJET Dryer offers the performance professionals need without the bulk of traditional salon dryers. Powered by a high-speed 104,000 RPM brushless motor, it delivers fast, efficient drying while maintaining consistent performance. Its ergonomic design improves handling and control, making it easier to style comfortably throughout the day.

OMNI AIRSTYLER

MULTI ATTACHMENT PRO STYLING TOOL

CURLER HEADS

RIGHT

38mm

LEFT

38mm

RIGHT

30mm

LEFT

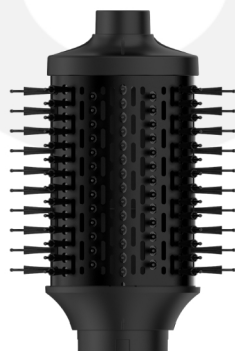

30mm

CURLER HEADS

38mm Curler Heads – Create loose, bouncy curls and waves that flow to the Left or right.

30mm Curler Heads – Create sleek, defined left- or right-facing curls.

BRUSH HEADS

OVAL COMB

RADIAL BRUSH

PADDLE BRUSH

NOZZLE

BRUSH HEADS

Oval Comb – Smooths hair, reduces frizz, and adds natural volume and lift.

Radial Brush – Boosts fullness and body while shaping soft, voluminous curls.

Paddle Brush – Ideal for straightening and smoothing hair, suitable for both wet and dry styling.

Hairdryer Nozzle – Concentrates airflow for efficient pre-drying and root lift before styling.

FEATURES

4 Heat settings: 30°C, 40°C, 50°C, 90°C

3 Speed settings: 85k, 95k, 105k RPM

Dust filter with reverse cleaning function

Bi-Directional 360° rotating cable

Digital Display

8 Included Attachments

Power: 1400w

Ionic: >200M/cm³ negative ions

Brushless motor

9.5L/s Air Volume

An 8-in-1 professional styling system designed to dry, smooth, volumise and curl with one versatile tool. Featuring a high-speed brushless motor, ionic technology and interchangeable attachments, the OMNI Airstyler delivers salon-quality results while reducing heat damage and styling time.

OMNI TORQ

RADIAL BRUSHES

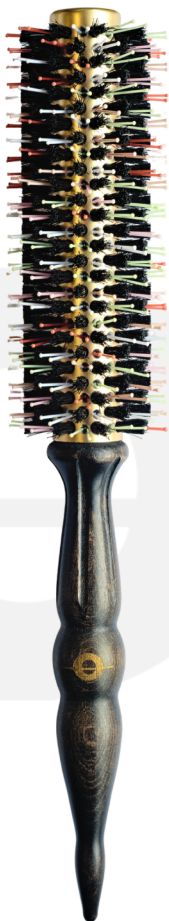

SIZE GUIDE

35mm - Root lift, fringes & shorter styles
45mm - Everyday blow-dries & medium lengths
55mm - Volume, bounce & longer hair
65mm - Smooth finishes & thicker hair

35mm

45mm

55mm

65mm

FEATURES

- Heat Resistant Nylon Bristles & Natural Boar Bristles
- Aluminium barrel for faster, even heat distribution
- Sculpted Solid Oak Handle
- Professional ergonomic design

Designed for professional stylists, OMNI TORQ™ Radial Brushes combine premium materials with advanced performance to deliver exceptional styling results. Heat-resistant nylon bristles provide optimal grip and tension, while natural boar bristles help smooth the cuticle for enhanced shine and reduced frizz. The high-performance aluminium barrel distributes heat evenly for faster drying and effortless styling, complemented by a sculpted solid oak handle that offers outstanding balance, comfort and control.

OMNI HEAT TILES

HEAT RESISTANT MATS

FEATURES

PVC + RUBBER

HEAT RESISTANCE - 120°C MAX

TRAVEL FRIENDLY

NON-SLIP BASE

MODULAR DESIGN

Heat-resistant, hexagonal mats for surface protection against hot hair tools. Use one or tile together to accommodate larger tools or several at once. Lightweight, durable, and portable – perfect for the salon or on the go – essential for any professional styling kit.
